It is a sequel to [RPG] Ancient Evil, a unique game, which aims to promote the involvement of players, by doing a genre-original story, and a story with a slightly different tone. When you play as a character in [RPG] Ancient Evil, you have the problem of an ancient evil that dwells on the earth. It will attack anyone who comes in contact with it. It is said that after the battle, you will be in a "fate", and will be in the world with a different history from the history in the normal [RPG]. [RPG] Ancient Evil is not an RPG where you can become a character whose "fate" has been determined. Instead, you may choose the route of "event play" while playing the game. That is, you can change the events and find the way you want to lead the story. Since this is an RPG, while playing the story, you can increase the attribute and knowledge, level up, etc. This attribute consists of a card, which is a card with the ability of each character.
